SOMETHING TO
SAY

1

URBAN PHOTOGRAPHY

Urban...a word loaded with connotations not often associated with beauty.

Imbued with richness often unseen. Stories deep within the worn and well traveled. Hiding in plain sight.

2

DIGITAL ART

Opportunities to play and explore with no penalties. Chameleon your interpretations until nirvana or no end.

3

FINE ART

Take what you have found in many places and find the story.

SOMETHING
TO SAY

**The perpetual state of

And I watched as others created, vocalized and found a place of expression while continuing to both resist and accept those words and the implicit bias behind them.
